# Become a Marathon County 4-H Member

4-H is a community of more than 6 million young people across America learning leadership, citizenship and life skills. 3,500 staff, 518,000 volunteers and 60 million alumni support the youth of 4-H, who participate in fun, hands-on learning activities, which are developed to help youth gain self-confidence and become leaders to shape their communities.

## About Us

4-H gives youth, from Kindergarten to Freshman in college, an opportunity to pursue their own interests – from photography to computers, building rockets to raising sheep. They can travel across not only the United States, but also the world as 4-H offers exchange programs and many national and local trips.

Youth in 4-H are taught to be leaders and active citizens. Many are involved in government activities, serving as members of Teen Courts or as representatives in municipal or county government systems. Each 4-H club is its own government, made up of youth officers such as President, Vice President, Secretary and Treasurer. The club votes in the best candidate for the job and the members serve terms just as our nation's government.
